My Dear Garrison

I thank thee for thy kind letter, I have indeed been very sick, and am still very feeble,

In regard to the George-town, Hyden, thee will see a note in the Boston Tran-script of yesterday.

The French secretary sent me two invitations to the Antislavery Con-

vention, I answered it at some length, but have heard no more of it.

I followed thy progress in Great Briton with a great deal of interest, contrasting it with the time when Samuel & Irony had surely followed thee to Lincoln Jail.

I shall be very glad to see thee when my health is sufficiently ~~restored~~ restored,

Affy
